

## OUR STORY

Sprelly is a Fredericksburg, VA based small business founded by Adrian M. Silversmith in 2014. Adrian and his wife Casey moved to the Fxgb area in 2005 where he secured a position as the Director of Sales for an event promotions company. Over the years, they began planting their roots in the region.

One day in 2013, The Silversmiths, and now accompanied by their two young daughters, decided to treat themselves to a trip to a frozen yogurt shop. It was on this visit that the idea for Sprelly was born!

Just a few weeks later, Adrian's career was unexpectedly cut short and he decided to pursue Sprelly full time and seized the proverbial opportunity, "as one door closes, another door opens". After many months of research and development, business competitions and validation, Sprelly made its first sale in the spring of 2014.

### WHAT IS SPRELLY?

Sprelly is a brick-and-mortar eatery offering a modernized take on two of the world's most beloved comfort foods; the tasty good 'ole fashioned American Peanut Butter & Jelly sandwich and the timeless European crêpe. Not only do our signature items showcase some of the most unique flavor profiles, but we also offer a fully customizable build-to-order option to create your own Sprelly PB&J sandwich or crêpe! All you need to do is to choose your spread... and your jelly... and then you have Sprelly!

Opened in April 2016 and located in downtown Fredericksburg at 920 Caroline Street, Sprelly offers sandwiches, crêpes, coffee, as well as a plethora of nutterly delicious freshly ground gourmet nut butter spreads, all available for purchase. You can usually find Sprelly at various events, festivals, and many local farmers markets around Fredericksburg, Northern VA, and Richmond.

You may also purchase Sprelly products online at [Sprelly.com](http://Sprelly.com).

Letter from the founder:

**HI THERE!**

We thank you for checking out Sprelly. This is comfort food creatively classed up for your consumption.

We hope you enjoy our modern & unique gourmet twist to the good 'ole fashioned pb&j!

Sprelly started as a fun & simple idea in my garage and with the help of the community, it has become a reality.

Your support is broad reaching as Sprelly proudly utilizes other small businesses for products & services. More importantly, and because of your support, we are able give back to various organizations, schools, local teams, non-profits and charities.

**THANK YOU FOR BEING HERE!**

You are helping make a positive impact in the community.

~ Adrian
